Ans 2nd- Love and unity are maintained amongst us as far as appears, detraction guarded against; we know of no differences.

Ans 3rd We believe there is a concern felt by most friends to bring up those under their direction in plainness, to discourage pernicious reading and corrupt conversation, and endeavor also to be good examples therein themselves, yet some deficiencies are apparent. We believe the Holy Scriptures are frequently read in families

Ans 8th Friends appear to be careful in these respects

Ans 9th We believe the necessary care is taken in relation to records and certificates

Answers

1st All our meetings for worship are duly attended except in a few instances which owing to ill health and inclement weather — All for Discipline except one Preparative Meeting which our women Friends were unable to attend on account of the unusual depth of snow — The Queries nearly observed mostly preserved from slandering, no other unbecoming behavior when assembled

2nd Love and unity one in a good degree maintained, and detraction guarded against — no differences have come to our knowledge —

3rd We believe a care is felt to bring up their under our direction in plainness of speech behavior and apparel, yet deficiencies are apparent amongst us — also to restrain them from pernicious reading and from the corrupt conversation of the world, and careful to be good examples therein themselves — We think the holy scriptures are frequently read in families

4th Care is taken to avoid the use of spirituous liquors, except for medicine the unnecessary frequenting of taverns and places of public resort and to keep in time moderation and temperance in the other particulars of this query —

5th 6th Clear in the several particulars of this Query —

We believe parents and heads of families are concerned that all proceeding with respect to marriage be conformable to discipline — but we fear some of our younger Members are not as guarded on this account —

1st No cause for complaint has come to our knowledge respecting the fulfilment of this Query

8th We believe friends are careful to inspect their affairs and settle their accounts, to be punctual to their promises just in the payment of their debts and careful to live within the bounds of their circumstances —

9th Clear as far as appears.

10th Care is taken to deal with offenders, tho not without some delay — No cause for stating [illegible] other our last accounts —
